

Google Group Usenet Membership

The Band Boosters maintains a Usenet group to facilitate distribution of information regarding events, schedules, and miscellaneous band updates. Please take a few minutes to follow the detailed steps below to sign up for this valuable communication tool. After joining the Usenet Google Group you will receive emails from the band directors and band booster personnel about band related activities.

1. Visit <http://groups.google.com/group/StceBandBoosters> .
2. Create a Google Account by entering your email address (if you already have a Google email account sign in with that information and proceed to step #4), choosing a password, and other information requested on the form. Agree to terms of service at the bottom of the page.
3. An email will be sent to the email address you used on the Google form. Visit your email inbox and retrieve the email Google has sent to you. Click on the link within the email, as requested. The link will open up a new webpage in Google Groups for the STCEBandBoosters Google Group application form.
4. Fill in the form with your preferences on email delivery methods (we suggest the 4th choice of "Email", where you will receive email from group members whenever sent, this way you will not have to remember to check the UseNet group site daily). You may use a nickname, but it is not required. You can also send us an additional note, if you'd like, but it is not necessary. Once finished, click the "Apply to this Group" button at the bottom of the form.
5. You will receive an email acknowledgement within 24 hours that you have been added to the STCEBandBoosters Google Group.
6. You will receive regular news and information you can use regarding band issues.
